## East Community Smokes Fund Makes Appeal to Individuals For Support of 'Our Boys'

The financial statement of the East Community Smokes Fund reveals that a total of \$58.32 has been used to buy cigarettes for Crossfield and district boys serving overseas, and that a balance of \$97.27 is in the bank for future cigarette shipments.

The Smokes Fund was formed over a year ago from a committee appointed of members of the executive of the East Community Club and now the fund sends a parcel of 300 cigarettes every two months to all boys in the services overseas.

Hugh Wylie, secretary-treasurer of the Smokes Fund, stated to The Chronicle that it has always been the policy of the group to raise money for the fund through entertainments, which to date have included a cake raffle and two dances.

"The number of boys in Great Britain from this district," said Mr. Wylie, "is continually increasing and the fund needs the support of individuals to carry on. So far we have only been able to send the cigarettes every other month, but our aim is to supply the boys with a parcel once a month."

"It would solve a big part of the financial problem if individuals made direct contributions," Mr. Wylie continued. "After all, these boys are our relatives and friends and through these little gifts we can show them that we are right behind them."

It was further pointed out that at Christmas last year each of the boys was sent a Christmas cake along with his parcel of cigarettes.

According to his father, Bert Metheral, RCAF, who has been a patient in the Air Force Hospital at St. Thomas, Ontario, his condition will necessitate his remaining there for at least another month.

Telephone your news to The Chronicle. The number is 7.

Mr. and Mrs. Ben Stafford of San Diego, California, and Mrs. G. H. Doust of Anacortes, Washington, are visiting C. C. Stafford of Crossfield and Asbury Stafford of Madden. Mrs. J. R. Balick and daughter, Ruth, of Van Nuys, Calif., recently spent a few days with Mrs. Balick's brother, Mr. Everett Bills. Mrs. Balick lived for 14 years in this district and left here the same number of years ago. Mr. Bills telephoned to his mother and father of Los Angeles, who are well known in this area, and he says that his father is much improved after a stroke he suffered earlier in the year.

Paul and Norman Bills have returned to Los Angeles, Calif., after visiting their father, Mr. Russell Bills.

### NOTHING FOUL BUT EDITOR'S SPELLING

Readers last week were appalled to see that the ad announcing the annual chicken supper of the Madden Ladies' Club was billed as a "foul supper." Every one who has attended these affairs know that they are the grammatical antipode to 'foul', and the editor deeply regrets the spelling error.

Wednesday, September 10th, marked the beginning of the 31st year of Canada's participation in the war. In acknowledgment of that fact the Government issued a Proclamation setting the period September 10-17 as a week of reconsecration of the Canadian people to our cause and in national honor "for those who on land, sea and in the air are defending and of our country." Following is the wording of the Proclamation:

WHEREAS on the tenth day of September, one thousand nine hundred and thirty-one, the Dominion of Canada declared a State of War with the German Reich; AND WHEREAS at the beginning of the third year of this war the leaders of democracy have re-affirmed their determination to continue the struggle until the evil of Nazi tyranny has been destroyed; NOW KNOW YE that We, by and with the advice of our Privy Council for Canada, have thought fit to ordain and declare and do by this Our Proclamation ordain and declare that the week commencing Wednesday the tenth of September and ending on Wednesday the seventeenth of September, inclusively, in the present year, be observed throughout our Dominion of Canada in national honor for those who on land, sea and in the air are the defenders of our country, and in proud memory for those valiant hearts who have gone out from among us in the most precious of all sacrifices for our common freedom; AND KNOW YE FURTHER that We do also hereby ordain and declare this week as one of reconsecration of our lives and principles which under Divine Providence have been our stay and help in the past, to the end that torment may be lifted from men's hearts and peace and safety come for all nations and peoples; OF ALL WHICH Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

## H. ATKINS, DEAD

DIDSBURY, Sept. 9.—Word was received in Didsbury last week of the passing at Cremona, of Harry Barnes Atkins, one of the early builders of Didsbury.

Mr. Atkins was born in Yorkshire, England, in 1867, came to Alberta 53 years ago and to Didsbury 41 years ago.

He operated a business in the town, was a member of the first town council, mayor from 1912-14 and was elected to the Alberta legislature from the Didsbury constituency in 1917.

He retired to his ranch at Cremona 16 years ago and is survived by his wife, four sons and two daughters.

## Dog Pound

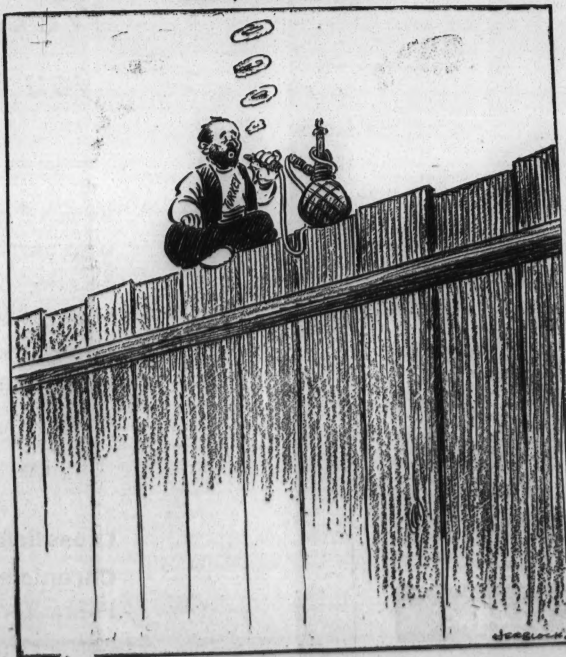

A heavy frost occurred in the district on Sunday night damaging gardens severely. It will be several days before it is revealed just how much damage was done to grain.

Mr. R. Brooks returned home last week accompanied by his brother. Rance had been in the United States for some time receiving medical treatment.

Harvesting is practically completed and threshing will commence about Friday or Saturday providing the drying weather continues.

Messrs. John and James Robertson returned home last Saturday. They had been to eastern Saskatchewan to attend the burial of their father.

### SMOKES FOR OUR BOYS COULD BE SENT OFTENER

For over a year now the East Community Smokes Fund has been making shipments of cigarettes to Crossfield and district boys serving overseas—and the boys have expressed their deep gratitude.

Now the time has come when the number of boys from this area is reaching a number beyond the scope of the present system of collecting the funds for shipment. Never has the club pressed for cash donations from residents—whether they be relatives or friends of 'our' soldiers. Every dollar for these smokes has been raised through entertainments—always giving subscribers something for their money.

It is not that we ALL contributed towards this effort to see that the boys fighting for our freedom get a parcel of cigarettes every month.

### A Week for Rededication

This week, September 10 to September 17, has been set by the Dominion Government as Reconversion Week, recognizing the beginning of Canada's third year of participation in the war against Germany and her Axis allies.

Re-consecration of our war effort must be deeper than just our thoughts. There are numerous ways in which we can do it materially show our support of going through to victory. We can do it right at home here by (1) buying more War Savings Certificates; (2) aiding the Red Cross in its drive for scrap aluminum; (3) by going fifty-fifty with our fighting forces on gasoline; (4) by curtailing the unnecessary spending of money; and (5) by contributing to the East Community Smokes Fund to send cigarettes to OUR boys overseas.

## 'I Saw Those Men D.e', Flier After Sub's Blood

BY EDDIE GILMORE

LONDON, Sept. 9.—The vessel on which four American recruits for the R.A.F. were killed recently, was trailed for more than a day by the attacking submarine, one of the seven survivors disclosed here tonight.

The survivor, Jim Jordan of Pasadena, Calif., also disclosed for the first time the names of the four who lost their lives.

They were: Harry Hay, Talahassee, Fla., William Bishop, Cleveland, O., Frank Kruszyński, whose address was unknown to Jordan, and a youth, whose last name was Cox, from New York City.

Jordan, who like the other fliers was trained in Canada for R.A.F. duty, donned his uniform today and begged for a plane to bomb the submarine that took the life of his four companions.

"Boy," he said, sticking out his jaw, "I saw those fellows die. I want to do something about them."

### ENGINE BROKE

The survivors reached a British port Friday, and their names were made public the following day, but few details of the torpedoing became known to the public until Jordan told his story tonight. Here it is:

"We realized one morning that we were being trailed by a submarine. That didn't worry us much, but later in the day our engine broke down. We worked on it—all 11 American boys—for 16 hours.

"The broken engine reduced our speed from 16 knots to seven. That's a hell of a feeling when you know a submarine is after you. Anyway, we chugged along zig-zagging and twisting for another day.

"The next day there was a fog and the first thing we knew out of this fog came a plane. It machine gunned us, turned a cannon on us and dropped a bomb or two. The bomb didn't hit us but the machine gun and the cannon surely knocked us about.

"Along about dusk subs closed in on us. We could even see their per-

scoopes. They would come up, then duck down and then come up again. "I saw one very close. I ran and got the captain, and just then there was an awful bang and a mess of black smoke and spray. We were hit all right, and began listing to port.

"We were so badly hit that we couldn't stop our engine. She just kept going round and round. The machine guns and the cannon had banged up both our lifeboats so we began throwing off rafts.

### SLIDE DOWN SIDE

"I threw one off and then slid down the side of the ship after it. I got caught in a flock of ropes and swung out from the side of the boat. Then I swung back and bounced off the boat. I reckon that saved my life.

"The others did the same thing. The listing boat began churning us. I saw the ship's propeller cut into a bunch of them and about 20 fellows including seamen got chopped up.

"All this time the ship's whistle was screaming. I never knew there could be such a horrible noise in my life. And I never knew that men's screams could be heard above the whistle's scream. But they were. Later, I'm afraid, their screaming stopped."

Jordan said he and 10 others clung to two rafts for 114 hours. The submarine approached them once, he said.

"The sub gunner turned his gun on us," Jordan said, "I thought it was all over. Then the commander waved him aside. He later gave us some meat."

A Polish warship picked up the survivors. Thirty-seven of the ship's crew and passengers were lost.

## OLIVER CAFE TO GREET BIRTHDAYS OF ALL SCHOOL CHILDREN

Always first to see the children are having a good time, the Oliver Cafe has won wide popularity among the kiddies and parents of Crossfield. With the recommencement of school on Sept. 22, George and Fong start something new to give the kids a treat. On the birthday of every child attending school in town, a card will be sent inviting the pupil to go to the Oliver Cafe for a treat "on the house."

## Open Season For Nimrods

With winter advancing on the northland, promising early migrations of ducks and geese, Alberta sportsmen are looking forward to one of the best shooting seasons in years.

For the first time in a decade, prairie chicken and pheasants will be open game, and these birds, together with ducks, geese and partridge make up the bill-of-fare for this fall.

Already guns are popping in the Peace River block and the far north, for the season north of the Athabasca river was thrown open Monday.

Calgary nimrods swing into action next Monday, when the duck and goose season south of the Athabasca is inaugurated. On October 1, a month of prairie chicken shooting will open for the district between Calgary and Athabasca, with a two-month partridge season starting the same date for the whole territory south of the Athabasca.

South of Calgary, prairie chicken will be open game from October 11 to 18.

**PHEASANT SEASON**

Pheasants will be open game October 13 to 18 in that area south of the line running from the Saskatchewan border where the Red Deer river crosses it, upstream to where the Rosebud Creek flows into the Red Deer, thence up the Rosebud to where the Carstairs Creek flows into it, thence up the Carstairs to the north boundary of Township 29, then straight across country to the east boundary of Banff National Park.

This area roughly follows a line from the east boundary of Banff National Park through Carstairs, 25 miles north of Calgary and east through the Drumheller Valley to

## Aluminum Drive Is Postponed

Dates for the scrap aluminum drive by the Canadian Red Cross in Alberta which were originally set for Sept. 12 and 13 have now been postponed until September 26 and 27, in view of the late opening of schools through the Poliomyelitis ban.

Round up all your scrap aluminum pots, pans and odds and ends to give to the Red Cross—but remember, it is no saving to send in articles which are in use. It is scrap aluminum that is needed so urgently in the war effort.

the Red Deer river and downstream to the Saskatchewan border, taking in all the country south of the international border.

Bird sanctuaries, game preserves, forest reserves and parks are closed to all forms of shooting.

**TWO DOLLAR LICENSE**  
License fee this year is \$2, covering all wild fowl. Previously, special \$1 permits were needed for pheasants.

Prairie chicken are numerous this year, having greatly increased during the years they have been closed game, and the foothills country northwest and southwest of Calgary is alive with the birds.

Partridge are plentiful in the plains areas east and southeast of Calgary and fairly numerous in the districts south and northeast.

Many wild ducks spent the summer in lakes north, northeast and east of Calgary and sportsmen say thousands of mallards can be expected in early October.

A few northern ducks have been noted in the Betsker and Brooks areas while a few geese have also been spotted in the Cypress Hills. The Cypress Hills is the favored goose migration trail, running down the east border of the province and the best goose hunting in the province is found in the South Saskatchewan Valley between Empress and Medicine Hat, and in the hilly country south to the U.S. border.

## Letter Received Brings Thanks From England

A letter, dated July 14, from "Tar" Moore, who is serving "somewhere in Great Britain" with the Royal Canadian Engineers, has been received by Everett Bills thanking the East Community Smokes Club for its parcel of cigarettes. It follows:

Hello Everett: I am writing this to you but it is for all the boys and I sure want to thank everyone for the cigs. It sure is good of you people back there to think of us the way you do and I want you to know that we appreciate it.

As you know I receive The Chronicle regularly now and it helps a lot to keep up with the times over there.

Just at present there is not much news to give you from here. Things have been very quiet most of the time. Of course we are kept pretty busy most of the time. In fact, we are just now finishing up a camp of about 75 huts, so you see we take on some fairly large jobs.

We have been having some soft ball lately and expect to have a league started shortly.

They gave us a holiday July 1st and we had inter-section sports. Of course, I spent my time umpiring three soft ball games. But we had a good day at that and our section won the Company Cup, so that helped.

The weather over here has been lovely the last little while and it sure is a treat to see the wonderful roses and flowers in the gardens. In fact, we have several rose bushes in our own place here and I would send you a bouquet—only I'm afraid they would be wilted before they arrived at Crossfield.

I expect to go on my leave the latter part of August and am looking forward to a good time as I am going to the north part of Scotland. Possibly when I get back I will be able to tell you more about it—and I sure will write you.

Now give my best wishes to everyone and again, thanks a lot for the cigarettes. "Tar."
